Dear Members

We are ecstatic to inform you that we have received a new fleet of turf machines that will allow Gavin and his team to improve the golf course. Our previous fleet of machines was very expensive just to keep them running. With the annual Budget planning, we realized that it would be a much better strategic idea rather replace the current fleet than try and keep them going. If we waited much longer then old machinery would have zero trade value, which would result in paying even more for new machines. We were also spending too much time on maintenance rather than manicuring the course.

We will now be able to improve the cutting lines and also create a completely different visual perception for our members and visitors.

Gavin and his team informed us that they would only start with the leveling of the tee boxes after the winter. After planting some sods on the fairways, the growing in was very slow. Replacing sods on the tee boxes now will only result in limited teeing areas during the winter.

Controlled Irrigation (a specialist company) did a complete irrigation audit for us, and we are pleased to inform members that our irrigation system is in very good working condition. a few small upgrades will be required, but this is part of the system's ongoing maintenance.

We also want to remind our members that we are in the finalizing stages of the planned program for the driving range, and we intend to implement this from 1 July 2022. We will, however, inform everyone of exactly what this all entails very soon.

TELKAARTE

Die volledige invul van telkaarte is nog steeds nie na wense nie. Die invul van die volgende sal ons taak baie vergemaklik en baie tyd spaar:

KOMPETISIE: bv. IND STABLEFORD

DATUM: bv. 30 MAART 2022 OF 30/3/2022

Die statistieke wat ons het, toon dat op hierdie stadium slegs 69% van alle kaarte volledig voltooi word. Die voltooiing van Allianse- (alliance) kaarte wek die meeste kommer, want slegs 56% van hierdie kaarte word bevredigend voltooi! Die persentasie Beterbal-kaarte (76%) en individuele kaarte (72%) word na wense voltooi. Ons doen 'n vriendelike beroep op ons lede en besoekers om meer sorg aan die dag te lê om telkaarte netjies en korrek te voltooi
